## PRISEDENT WILSON APPOINTS NEGROES

Washington, March 28.—Southern Senators drew first blood this afternoon in the fight against the naming by President Wilson of negroes for high office. Some weeks ago, despite the efforts of Senators Vardaman, of Mississippi, and Hoke Smith, of Georgia, President Wilson named Robert H. Terrill, a negro who has been a judge on the municipal bench in Washington for some years, for re.appointment.

In compliance with their notice given at the time, the Southern Senators, in executive session this afternoon, began their attack by refusing to discuss his candidacy at all when it was reached in the regular order of business.

After a little acrimonious debate engendered principally by several Western Senators in whose states there are large numbers of negroes who vote, the question was finally passed over, so that a number of other appointments, in which patronage played a part, could be confirmed.

It was declared here tonight by several Southern Senators that they will hold up the executive session indefinitely if an attempt is made to force his confirmation.

## Child Given Sight By Cornea of Pig's Eye

Baltimore, March 29—Sight has been given to the left eye of David Kane, 9-months-old child of Mr. and Mrs. Herman Kane, of Gettysburg, Pa., through the grafting of a pig's eye to the child's eye ball, accoreing to physicians at a hospital here. Certain tests, they declare, have brought out this fact without a doubt.

When the bandage was removed from the eye it was declared the child followed the course of a lighted candle which was moved in front of him. Another test that brings out the fact more clearly is that the child now winks his eyelids if a finger or a small object is moved close to the eye. The movement of the eyelid is the natural one.

The disease from which the child has been a sufferer since he was 3 weeks old is known as staphyloma of the cornea. Both eyes became affected. Sight was partially restored to the right eye after treatment, but the left seemed to be in a hopeless condition and it was only as a last resort that the operation was decided on.

The operation was performed a week ago Monday and the cornea of the pig's eye was used because it is said it more closely resembles the human cornea than that of any other animal.

Child and pig were placed under an anesthetic and the outer covering of the animal's eye was removed. It was quickly placed on the eyeball of the child.

The child's eye today is said to be perfectly clear and free from inflammation.

## A LETTER FROM REV. N. T. LUCUS

Montevallo, March 30, 1914.

Editor Peoples Advocate:

Please allow me spoce through your valuable paper for a few words to the voters of Shelby County. I noticed in last week's issue that there was a call for all the candidates to express themselves on the law appointing men to office over the officers that the voters of the county elected. The way I see it, it is a shame to take the privilege of good men away from them. But I think they, the democrats, wanted to take it all in their hands, and I do not favor any such law if it is a law. I object to any two or three men appointing men to our county offices. As my friends have announced my name for Representative, I will appreciate the votes of all who vote for me, and your influence, and if nominated and elected, I will do all in my power to work for the interest of our county and her people.

Yours truly,
N. T. Lucus.

## Effect Passenger Rate Reduction On Penny Scrip Books

A misapprehension apparently existing as to the affect of the adoption of a local rate of passenger fare of two and a half cents per mile on the lines of the Louisville and Nashville Railroad in the States of Alabama, Tennessee and Kentucky upon the use of Penny Scrip Books, it should be understood that with April 1st in Alabama, and co-incident with the effective date of the new passenger rates in the other States, the Penny Scrip book, which contains twenty five hundred 1 cent coupons and is sold at $20, or a reduction of 20 per cent, will be accepted in payment for tickets at the new fares, thus producing a net rate to the holder of these books of two cents per mile wherever the local fare is made upon the basis of two and a half cents per mile.

In a similar manner the scrip book will secure a net rate of two cents per mile on interstate journeys when the interstate passenger fares have been adjusted to the basis of the new state fares which will be as soon as the interstate tariffs can be complied.

These books are interchangeable between all railroads east of the Mississippi and south of the Ohio and Potomas rivers and secure the same percentage of reduction, with but few exceptions, throughout the entire territory.

Columbiana can be made one of the best towns in the state if our citizens will only do their duty. To build up a town, the citizens have got to co-operate and pull together, and this can be accomplished right here in Columbiana if the proper steps are taken. Don't be a knocker, but go to work in the interest of the town and community.

A few of the so-called leading democrats of the county are responsible for establishing the County Court and Board of Revenue in order that a few men could get in office by appointment. The people of Shelby county are virtually disfranchised when it comes to voting for county officials, as nearly all of the officers are now appointed by the Governor.

This end of the county is not ever represented on the Board of Revenue by the appointing power, and we guess, according to these facts, that there is not a democrat in this district competent to fill the place on the Board of Revenue by appointment. A man was appointed to represent this district who lives near the Jefferson County line, and who does not know a fourth of the citizens living in the district, and who has no interest whatever in this end of the county. The above are facts and cannot be disputed.

If you have not registered, come to Columbiana on Friday and Saturday, April 3rd and 4th, and register.

This week closes the democratic state campaign, and a warm one at that with the opposing candidates for the various state offices.

It seems from reading the report of State Auditor, C. B. Smith, to the governor on the financial condition of the state, that Alabama is getting deeper in debt every year.

The democrats have appointed a commission to investigate the cause of many people being without employment, That's a funny sort of a thing for democrats to do. We thought they were the people who made times so good that people all had jobs at good wages. Now who ever heard of such a commission under Republican rule? Don't all speak at once.—Yellow Jacket.

## The Price of Beef.

The agricultural department has just issued a bulletin which explains why the heavy shipment of beef from Argentina to the United States have failed to reduce the price of that meat in this country. The bnlletin meets the issue squarely in this statement: "It is not assumed that American controlled companies in Argentina are using Argentine beef to beat down the prices of Chicago beef."

It then declares that there are nine establishments for slaughtering, chilling or freezing and exporting beef located in or near Buenos Ayres and five of these companies are owned or operated by Chicago houses. The summarized conclusion shows that the imported Argentine dressed beef adds to the national supply of the United States at the present rate a trifle over 15 per cent.

While a small quota of the Buenos Ayres product has come from the British "frigorificos" in that city a majority portion of the shipments has been consigned by the refrigerators of the Chicago slaughtering and packing companies to themselves in New York to be sold there by themselves or sent by rail to whatever points they may see fit to ship it.

So far the beef so imported has reached the quantity of nine million pounds monthly. It began in October with 2,069,790 pounds received, was followed by 3,988,898 pounds in November of last year and jumped to 9,440,488 pounds in December.

As the company's plants are operated in territory beyond the jurisdiction of the United States it is yet a problem in what manner they may be reached in case of any evasion of the law, but at present it looks as if there is to be no reduction in the price of beef until the south enters the field of beef cattle raising.

This seems to be the only solution of the question as to the cost of high living and it is an opportunity that is knocking loudly at the door of the south. May our farmers harken to and respond to the knocking.—Age-Herald.

## Prosperity Begins At Home.

The test of any people is the manner in which they use their resources in building homes and advancing citizenship. It is an advantage to live in a section of country with many natural resources, but is a far greater advantage to live among people who see their opportunities and are willing to co operate with their neighbors in developing the resources they have. And when the people of any section begin to look for their natural advantages and to work together for advancing their section of the country they usually find vast natural resources and wonderful possibilities.

As a people we have not realized our possibilities. We could have a monopoly on cotton, but we bear the toil and expense of producing it and permit other sections to get the benefits. We fail to produce the butter, cheese, milk, pork, beef, mutton, wool, wheat, oats, hay and corn that could be produced because we devote too large an acreage to cotton. Our cotton crop brings us millions, but a large per cent of this is sent to other sections to buy the food products we could raise cheaper than cotton.

We have cities capable of consuming food products, yet we do not avail ourselves adequately of these as markets for our products. We have better facilities for transportation than we use; better markets than we patronize; more food products than we consume.

There is considerable capital among us, yet we hesitate to promote great enterprizes that will advance our country. We have been accustomed to look to other sections for capital, for markets, for food supplies and for men to manage our institutions and industries. It does not seem to have occurred to us that we could manage our own affairs.

This is because we have not taken the proper interest in our neighbors. The time has come for us to join hands in building a citizenship. Let us begin a new era by making our section of the country independent so far as our resources warrant. Our first consideration should be to see that what we produce brings what it is worth. This is necessary before we can build up our institutions and give our people means for improving their homes. The producer is interested because he is paying too much for the privilege of producing the wealth. The merchants, bankers, transportation companies and professional men must thrive in proportion to the wealth of the producer. We can never expect for our business men to prosper as they should until the profit of those who produce the wealth of the country is sufficient for them to enjoy more of the comforts of life.

We must help each other if we wish to help ourselves. The community must advance by co-operation if it advances at all. Why send our means away if they can be more economically used at home? Why permit our products to be sent away if they can be manufactured or used at home?—Farm and Ranch.

## BABY IS FOUND IN FREIGHT CAR

Memphis, Tenn., March 26.—When a Cotton Belt freight train arrived here this morning from Fort Worth, Tex., an empty car was taken from it and placed on a siding. Switchmen opened a door and found a eight or nine months' old baby girl, snugly tucked under some cover in a big wicker basket. A large bottle of milk was by its side. When the trainmen picked it up it cooed and smiled.

## To The Voters Of Shelby County

I am a candidate for Representative of Shelby county, subject to the action of the Progressive and Republican primary election to be held on May 2, 1914. My platform is as follows:

First—I believe in local-self government.

Second—I favor the abolition of the County Court, and that these officers should be elected by the people.

Third—I favor the abolition of the Board of Revenue and elect that body by the vote of the people.

Fourth—I am opposed to any appointive power, and I think the people should rule.

Fifth—I favor good schools and longer terms.

Sixth—I favor good roads.

Seventh—I favor a law that will give the Board of Commissioners a perfect and legal right to pass on and pay all claims that they see fit.

I will thank you for your support. If nominated and elected I shall do all in my power to represent the people of Shelby county.

Very Respectfully,
H. C. Hurst,
adv. Pelham, Ala.

## An Explanation From G. A. Seale

Editor Peoples Advocate:

Please permit me to say through the columns of your valuable paper, that I said W. B. Seale did not vote in the last election is false, I did not say he did not vote in the last election. I am sure he did vote in the last election, I think I know there is things being said and done that is wrong against W. B. Seale. Mr. Seale is a perfect gentlemen; I have known him from birth and know him to be a man of truth and honor, and if elected to the office of sheriff he will discharge his duty with honor and credit to himself and the county. And further more, I will say, some of my neighbors signed a paper for W. D. Bearden who will vote for W. B. Seale. It is all right to do the right thing So let us nominate W. B. Seale for sheriff.

Yours truly,
G. A. Seale.

## STATE IS GETTING DEEPER IN DEBT

Montgomery, Ala., March 26.—Total receipts of the State during the fiscal year ending October 1, 1913, were $6,288,992.07, while disbursements were $6,545,895.74 or $256,903.67 more than receipts, according to the annual report of C. Brooks Smith, State Auditor, made public today. When business ended the last day of the fiscal year there was $99,267.54 in the State Treasury, while on the same date the previous year the treasury contained $262,052.38.

Outstanding warrants October 1 were $482,464.61, in addition to a temporary loan of $100,000.

Auditor Smith in a letter to Governor O'Neal said:

"You will see from this report that our expenditures are far in excess of our receipts. I enclose comparative statement marked exhibit "A" of amounts spent in each department for the year 1911-12 and 1912-13, so that you can readily see in what departments these increases of expenditures over the previous years occur."

The largest increases were shown in the Convict Department, Educational Department, the State Highway Commission and county high schools.

Total expenditures for 1911-12, $6,341,784 53 compared with $6,608,659.44 in 1912-13.

Washington, March 27.—Miss Mattie R. Tyler, 70 years of age, a grand-daughter of former President Tyler, went to the White House today with the intent of pleading with President Wilson to continue her as postmistress at Courtland, Va. Miss Tyler, who has held the postoffice 17 years, says she supports herself and sister on the salary of $650 a year, but "now a clique of Virginia politicians is trying to deprive me of the position." The Postoffice Department several years ago recommended another person to succeed her, but she successfally pleaded in person with President Roosevelt.

## J. G. Oakley On Trial For Embezzlement

Charged With Embezzling $3,500 Of The State's Funds While President Of The Convict Board—Jury Selected To Try Case Tuesday Afternoon

### JUDGE ALSTON IS PRESIDING OVER THE COURT

The special term of the Circuit Court convened Monday afternoon at 1:30 o'clock, with Judge A. H. Alston, presiding, in place of Judge H. D. Merrell. The special term was ordered for the purpose of trying James G. Oakley, who was indicted by the last grand jury charged with embezzling $3,500 of the State's money while President of the State Convict Department.

The afternoon was taken up by pleadings and selecting a jury to try the case. Judge Alston swore in two bailiff's to stay with the jury.

Mr. Oakley is being represented by Hill and Hill, Browne, Leeper and Koenig, P. G. Bowman, and J. T. Fuller, while the State is represented by Solicitor C. S. Cornelius, Capt. Frank S. White and Son, Attorney General Brickel and W. W. Wallace.

It will probably take the remainder of the week to try the case, as there are quite a number of witnesses on both sides. The outcome of the case will be watched with great interest throughout the state, owing to the prominence of the defendant, Mr. Oakley.

All other cases set for the special term were continued, and the jurors not connected with the Oakley trial were excused for the term.

## To The Voters Of Shelby County

Editor Advocate:

Please allow me space in your paper to say a few words about our friend, W. D. Bearden. I did not think I would have anything to say about any of our candidates. I presume they are all nice men. In fact I'm not interested in politics now, havn't been for some time, but it seems as thoulh some of our Bearden friends have gone back on him since he announced, and I for one, bslieve in a fair and square deal, and wish to say that Mr. Bearden is an up-right gentleman in every respect, truthful, honest and sober. I havn't got any interest in Mr. Bearden what ever, I only want him to have a fair race.

## Hanceville Is Scene Of Brutal Killing

Cullman, March 4.—Another dark chapter has been added to the history of crime in Cullman by the killing of John Basinger, a well known business man of Hanceville, Friday night, at 10 o'clock, by John Quick. The killing occurred at the house of Mrs. Viola Quick, the divoced wife of John Quick, in the edge of the town.

Mrs. Quick was divorced from her husband last October, but had just returned to Hanceville, their former home, from Cullman, about two weeks ago. Quick, it is said, was working around Hanceville and when he found his former wife had moved back, undertook to watch the house. He is alleged to have seen Basinger enter and followed him, shooting him in the breast, head, side and shoulder. Basinger tried to take the pistol from Quick, it is claimed, but failed to avert a single shot.

After the killing Quick went to the next house, according to witnesses, and told the man, a Mr. Roberts, what he had done, gave him his pistol, which was dripping with blood, and took up a lamp, stating he was going back to "make sure of the job." Then, it is claimed, he returned to the room where Basinger lay dead in a pool of blood and stamped his face in with his foot.

The body of Basinger lay for three hours where he fell. He had left home to find the cow which had gotten out during the day, and this was his errand at Mrs. Quick's residence. Mr. Basinger was well liked and well connected in Cullman county. He leaves a wife with a 10-day old baby and four other children. Mr. Basinger has held positions with several business men of Hanceville and bore a good name.

### *Meeting of S. C. E. A.*

On last Saturday at the appointed hour the S. C. E. A. was called to ordey by the President at the High School Auditorium. Minutes read and approved, after which the regular program was taken up. "Elementary schools on a religious basis" was ably discussed by Prof. R. Thomas of Shelby, and Prof. J. D. Harris of Wilsonville, gave an excellent discussion on "Elementary School Curriculum."

Miss Lallage Longshore, County President of the School Improvement Association of Shelby county was present and gave out report blanks for teachers to make reports on the work done in their school, whether they have a regular organized association or not. She must make her report for the county in two weeks and she is very anxious that every teacher report at once, and she will furnish blanks on application.

A motion was carried that the Secretary of the Shelby County Educational Association have badges made for the teachers of the county to wear to the A. E. A., and that she send them to the different members of the Coun-Association.

## A CARD FROM W. D. BEARDEN

Editor Advocate:

Please allow me space in your paper to answer the article headed "To The Voters of Shelby County." There are eight names in this article that did not sign my announcement. It seems that they want to make the impression that the men signed my announcement did so to recommend me as to my character. These men that signed it have a right to their choice. When my announcement was presented to them they signed it without a word. In this article they say that I asked them "did we object to him announcing etc." I want to say that it is a mistake. I did not say that. Now, gentlemen, I am in this race with clean hands. I havn't said ought against any man in the race. There is one thing sure if I go into the sheriff's office I will go in with my hands untied. If I do not get the nomination I will do every in my power to elect the one who gets it, but I can't understand why the eight men who did not sign my announcement, should sign a statement indicating they did.

Yours,
W. D. Bearden.

L Q Gould, H Wilson Parker, P F Steele, H B Partridge, Thurnman Juzan, J H Duffy, J L Gould, J H Steele, T L Miles, G W Booth, A R Wells, B H Holcombe, P F Duffey, R D Holcombe, J P Bierley, T M Collier, J B Collier, J W Seale, W M Collier, W J Nelson, A B Holcombe, Chas C Nelson, G E Butterworth, J T Holcombe, C C Ray, T J Wells, J W Gunn, S M Sykes, J T Upshaw, N R Coker, B J Coker, B F Gunn, J M Harris, J H Beasley, H N Beasley, O C Beasley, E B Brashier, B W Seale, R P Seale, J T Seale, Wm Beasley, S J Seale, C W Jones, J E Price, P M Murphy, J T Finley, J W Mitchell, T C Stinson, J A Thompson, J S Collum, W F Atchison, T W Kimble, W H Farr, C L Moore, Joe Mitchell, J W Hardeman.

The farmers are now busy planting corn in this section.

The heavy rains last week delayed farm work considerably in this county.

The people of Shelby County should demand the repreal of the present County Court by the next session of the Legislature.

It is up to the farmers to plant more corn and less cotton this year. You can not afford to raise cotton to buy corn at the present high prices.

The state democratic campaign was brought to a close Monday after a hard fought battle between the candidates for the various state offices.

Whenever we take the problem of better farming into our own hands satisfactory results are sure to follow. It is right and proper to take advice when it seems adaptable to present conditions, but after all is said and done our decision must be made in accord with our own judgment. Suggestions are good so far as they help one to form his own conclusions. The safest plan is to think seriously and logically before attempting any new line of work or before revising the system already in operation.—Farm and Ranch.

The upbuilding of a town depends entirely upon the citizenship, and no town can grow and prosper without the push and energy of her citizens. The population of Columbiana can be doubled in the course of a few years if our citizens will only go to work and help to get a few small industries located here. We can do it if we will.

The law requires that the Commissioners Court or the Board of Revenue to publish semi-annually the receipts and disbursements of the county, but the report for this county was not published until last week, which dates back to Jan. 20, 1913. The report is not signed by the members of the Board of Revenue, as the law directs, and the report also should show the receipts and disbursements back to Jan. 1, 1913. To make the matter more plainly, the report is not according to law.

### Sad, But True.

It is sad even to a Patriot who never entertained much respect for the Democratic party to read that there are 350,000 men out of work in New York, 300,000 in Chicago, as many in California, and the 3,000,000 in the United States. We are sorry these things are so bad—in Seattle, St. Louis, and other big towns where so many smoke-stacks of Republican prosperity are out.

But when it comes to the very doors of the administration, it seems to us that the lightning of indignation is striking precious close to Woodrow's own dung hill.

Herbert W. Kline, superintendent of the Gospel Mission in Washington, a man who ought to know whereof he speaks, declares that there are 15,000 unemployed men in Washington willing and anxious to work and support themselves if they could only find an opportunity.

We would be inclined to think that 14,999 of these men are disappointed Demycratic office-seekers if the post offices had not already been dished out and the Civil Service examination farce completed. But the fact that these men say they are willing to work shows that they are not Wilsonites, and it seems to the Insect that Wilson ought to do something to relieve these 15,000 unemployed men.

Of course it is none of our business, but we give it as our private opinion that unless Woodrow gets busy before this army is increased by the arrival of Coxey's brigade of 500,000 he will want somebody to come along and softly kick him in the slats.—Yellow Jacket.

## MESSENGER PUTS BANDIT TO FLIGHT

Athens, Ga., April 2.—An attempt by a lone bandit to rob Seaboard Air Line passenger train No. 11, southbound, near Comer, Ga., fifteen miles northeast of here, was frustrated early today by Express Messenger R. C. Fletcher.

After a pistol duel with Fletcher, the bandit jumped from the train a short distance from Comer and escaped. The bandit swung aboard the express car at 4:45 o'clock as No. 11 was leaving a water tank station, two miles south of Comer.

Covering Fletcher with a revolver he ordered him to open the express car safe. Fletcher responded by drawing a pistol and opening fire upon the intruder.

Sheriff's posses of two counties began a search for the would-be robber today.

## In Memory Of Wilburn Franklin Payton

The death angel visited the home of Mr. and Mrs. Henry Payton and carried home their little darling boy, Wilburn. He was the love and admiration of all who knew him. Two weeks before he died he was seriously burned while playing in the fire. We thought he was getting along nicely until about four days before he died, he grew worse, and the Lord saw fit to take him home. He was born Jan. 16, 1911, and died at 12:30 o'clock Wednesday, March 25, 1914.

No one but our father above knows how hard it is to give up the precious child, but a great comfort and consolation to know that Christ said "suffer little children to come unto me and forbid them not, for of such is the Kingdom of Heaven."

He is gone, but not forgotten,
Never will his memory fade,
Sweetest thoughts will ever linger
Round the grave where he was laid.

We loved, yes, we loved him,
But Jesus loved him best,
And the Angels called him sweetly,
To that happy home above.

To the bereaved father, mother and little brothers; I point you to Christ, that great comforter, and pray you may be submissive to His will. May the dear Lord bless those loved ones and keep them, and may His grace bind up there broken hearts. Little Wilburn is watching for you. Disappoint him not. His little baby was laid to rest in the Pelham cemetery. Funeral services were conducted by Rev. J. B. Culberson.

Mokoly is bred for speed, he is of speedy conformation, and has a lot of natural speed and will, if trained, make a low record. Mokolys colts are among the best, some of them having taken premiums at the Montevallo fair in 1913. Common mares bred to a horse of this class can't fail to produce foals that will find a ready market, as carriage horses or roadsters, as well as general all purpose horses.

We are not responsible for any cruelty or accidents to mares that might occur by their owners.

## PENNSYLVANIA R. R. CUTTING EXPENSES

Philadelphia, Penn., April 2.—In pursuance of the retrenchment plans made public last week, the Pennsylvania Railroad yesterday annulled 118 passenger trains on the lines east of Pittsburgh and Erie and a large number of the west lines. The financial saving on the east lines it is estimated will run close to $2,000,000 per year, should the curtailment be in force that long.

On the west lines it is roughly calculated that the economies will effect a saving not greatly dissimilar. About 500 employes in this city were furloughed yesterday for various periods and it was said the number of men already under suspension and those to be laid off within the next month would total 25,000 on the lines east and 15,000 west of Pittsburgh.

## Linen Shower For Miss Myra Browne

The home of Mrs. Rosa Teague and Mrs. Kate Wallace, her mother, was the scene of one of the prettiest events of the season, when Mrs. J. T. Leeper entertained jointly with Mrs. Teague, for Miss Myra Browne, whose marriage to Mr. F. G. Koenig takes place April 15th.

The receiving line, composed of Mrs. Teague, Mrs. Leeper, Mrs. Wallace, Mrs. Roper, grand-mother of Miss Browne, Miss Myra Browne, Mrs. Taylor and Miss Margaret Browne, stood just within the reception hall, which was beautifully decorated with palms, ferns and cut flowers. The lovely spring gowns worn on this occasion added just the bit of color needed to make the picture complete.

This new home, with all the lower floors thrown together, is ideal for occasions of this kind, and a fit setting for the charming hostess.

The punch bowl was presided over by Miss Clarice White, whose marriage to Mr. P. O. Luck takes place June 3rd.

The guests were ushered into the parlor by Mrs. Wales Wallace, Jr. Then little Annie John Haynes, beautifully dressed as a fairy, asked for good wishes for the April bride. This was responded to by Mesdames. Leeper and Taylor and Miss Dinnie Mae Rowe.

Upon the waving of the little fairy's wand, the double doors were rolled back by Mrs. Wales Wallace, Jr., and Mrs. Sam Wallace, disclosing a scene of loveliness, where little cupids "ran riot"—The good wishes were fulfilled as pretty little Catharine Parker emptied the "horn of plenty" upon a table, made beautiful with soft pink shaded candles, festoons of ribbons, and tiny pink cupids.

The high esteem and true affection felt for the bride-elect was beautifully manifested by the quantity of exquisite linen and dainty silken lingerie showered upon her at this time.

The bride's book of good wishes was in the hands of Miss Browne's sister, Miss Emma Browne.

To the strains of sweet music, dainty ices and cakes, in pink and white, were served during the afternoon.

The out of town guests were: Mrs. J. H. Taylor, Isabella, Tenn.; Mrs. S. H. Wallace, Birmingham; Mrs. J. F. Pope, Wilsonville; Mrs. Elgin Pope, Wilsonville, Mrs. Leon Pope, Anniston; Miss Margaret Browne, Montgomery.

## EXECUTION OF LEO M. FRANK DELAYED

Atlanta, Ga., April 17.—The execution of Leo. M. Frank for the murder of Mary Phagan, which had been set for noon today, will at least be delayed for many months by the action of attorneys yesterday in the opinion of legal authorities here. It was pointed out that a tedious process of litigation which may include decisions by the United States supreme court will now be necessary before the last recourse to save the convicted factory superintendent's life has been exhausted.

It was expected generally that of the two motions filed by Frank's attorneys in superior court yesterday that asking a new trial on grounds of newly discovered evidence would first be pressed for action.

If, after arguments on April 22, this motion is denied, appeals probably will be taken to the supreme court of Georgia, which has affirmed the lower court in denying a new trial on previously submitted evidence.

In the event that a new trial is again denied by the highest tribunal of the state, it is believed the motion filed yesterday for annullment of the conviction, will, if necessary, be carried to the supreme court at Washington.

This shipment of ammunition, the administration has been informed is due to reach Vera Cruz before noon. Rear Admiral Fletcher was instructed to permit the ammunition to be landed because the President does not favor any interference with foreign commerce at this time, but as soon as the shells reach Mexican territory they will be seized by the marines.

President Wilson today ordered Rear Admiral Fletcher to land American marines at Vera Cruz, Mexico, to seize the custom house there and prevent a shipment of 2,000,000 rounds of ammunition and a large quanity of guns from reaching Mexico City.

This, the first aggressive step, taken in the President's campaign to force Dictator Huerta to respect the American flag, was followed a few hours later by a report which emanated from the White House to the effect that the Mexican port had been seized.

## Culture Club Meets With Mrs. McMillan

The regular meeting of the Culture Club was held at the home of Mrs. D. R. McMillan last Thursday afternoon, April 16, 1914.

The work of the study department of the club was "Hamlet" Act II. At the next meeting which will be held at the home of Mrs. D. S. Lightcap on the afternoon of Thursday, April 30th, at 3:30 o'clock, Act III will be taken up and the following program presented.

Minutes of last meeting.

Roll call, quotations from Act III.

Synopsis of 2rd Act—Mrs. W. A. Parker.

Purpose and substance of the play within the play—Mrs. D. S. Lightcap.

Music--Mrs. W. W. Wallace, Jr.

General discussion—conducted by Miss Perdue.

Questions for general discussion: Give substance of Hamlets 4th soliloquy. Where is the climax of play? Give your reason? Why does Hamlet refuse to kill the king? What are the consequences of his refusal? What is the dramatic use of it? Describe interview between Hamlet and his mother? To the ghost in this act a real one as in act I or only a creation of Hamlets imagination?

BUSINESS

The Culture Club has joined the Alabama Federation Woman's Clubs, which Federation is making the following pleas:

1. For state-wide land holdings to include attractive natural features in reservations and future roads thereto. God gave them, let man keep them.

2. For the conservation and planting of trees. Man should be a brother to the tree.

3. For more and better boulevards. If railways are the arteries, roads are the veins of the nation.

4. For more public parks and play grounds. Our children need them.

5. For the conservation of wild flowers, useful wild plants, and song-birds. Why should they be wantonly destroyed?

6. For the abolishment of billboards. They are eye-sores, and there are better ways to advertise.

7. For attractive railway stations. A good cleaning up, a coat of paint, some bright blooming plants, and a small plot of grass will work a transformation.

8. For beautiful cemeteries. Should we neglect our dead?

9. For lovely home surroundings, the planting of flowers, shrubbery and grass. A home is barren without them.

10. For more vegetable gardens. They cover the waste spots, and, they pay.

11. For more and better home-raised fruit. Why not?

12. For regular muncipal clean-up days. Abhor trash.

13. For plenty of drinking fountains for man and beast. Water is life giving.

14. For adequate stock laws and their enforcement. No man's animal should destroy another man's property.

15. For screened fruit and meat, for cleanliness is health.

16. For rest rooms for rural visitors, make it pleasant for them.

17. For flower shows and flower exchanges, to encourage love for them and their cultivation.

18 For more civic departments or articles in newspapers to move public opinion.

19. For more civic improvement leagues to keep things going.

20. Will you help in the work for an "Alabama Beautiful?"

We hope that every lady of the town will join us in this work,

Dinnie Mae Rowe,
Corresponding Secretury.

J. W. ROY.

We, the undersigned citizens of Shelby county, hereby announce W. D. Bearden as a candidate for Sheriff, subject to the action of the Progressive and Republican Parties. We can vouch for Mr. Bearden as an upright man, of unimpeachable character and true party loyalty. Signed:

The base ball season has opened up again.

It is now ice bills instead of coal bills.

If all signs don't fail, spring has come to stay.

The cost of living is going higher instead of lower under a democratic administration, as is usually the case.

Columbiana needs a good sidewalk to the Sourhern depot, and the sidewalk to the L. & N. depot needs some repairing.

A hard fight is being made between Henderson and Comer for the nominatson for governor in the second primary to be held on May 11.

We understand that the public road between here and Calera is almost impassable in several places, and that nothing is being done toward repairing the road.

The farmers are busy planting corn and preparing their cotton land, and we would advise them to plant less cotton and raise more corn, peas, cattle and hogs.

It is the duty of every Progressive and Republican to go to the primary election to be held on Saturday, May 2, and cast his vote for the candidate of his choice.

Our merchants are offering great inducements to the trading public, and if you want to buy anything in the way of dry goods, shoes, groceries or anything else, Columbiana is the place to buy them. You can save money by buying from the home merchants.

## The Farm Must Compete

Whenever the from becomes profitable and offers greater inducement as a useful field for the talents of the young people the city will no longer outbid the country for the most ambitious boys and girls now on our farms. Farming has had many obstacles to prevent it from competing with the most intellectual and best trained people. The evolution of other business has been so striking, so sudden and so apparently remunerative that the farm has lost many of its bids for better trained workmen.

The farm must be improved both in soil fertility and in attractiveness, in building, planting, etc. The yield of farm crops must be increased in such a manner that the future will be full of hope as a competence and as a business comparable to other business. The young people who have received better training than their parents because the present income from the farm affords it must have assurance that their education and training will enable them to receive returns adequate to the talent and means employed to secure it. To make this possible the soil must be improved so that it will yield larger crops at small expense.

Nothing has had a tendency to discourage our young people more than the waste in marketing farm, orchard, garden, poultry and livestock products. While gross prices are somewhat higher than a few years ago the fact cannot be concealed that the expense of production is much greater and that the methods we now employ in selling give others more of the consumer's dollar than the producer receives. This unfairness toward the producer gives other business an advantage when farmers' boys and girls are looking for an occupation that affords an opportunity for competence and due compensation.

While even under present wasteful conditions of marketing the farm is holding its own with other occupations, it does not appeal to many young people who become discouraged because they see others getting more than their share of the producer's dollar.

By meeting our neighbors as progressive, unselfish citizens, rather than as farmers, business men and transportation companies we can adjust many of the sources of wase and render society and the country in which we live a great service. The paramount question should be justice, honor and useful service, with the result that labor shall have adequate compensation and capital shall serve the people better. The young people of today expect this at our hands and their success and that of their children and grandchildren will be largely determined by the manner in which we meet our obligations as intelligent citizens of the state and nation.—Farm and Ranch.

## RUMOR NOT TRUE

Editor Advocate:

I wish to announce through the columns of your paper, to the Progressive and Republican voters of Shelby County, that the rumor which is being circulated over the county, that I have agreed, if elected to the Sheriff's office, to let other parties run the same, is untrue and without foundation, and I assure you, if I am elected, that I will give the office my personal attention and shall endeavor to conduct the business of the office to the entire satisfaction of all the people of the county, and in order to do this, it will be necessary for me to establish my residence in the town of Columbiana, which I shall do. So hoping that this will be a satisfactory explanation of my intentions and that the false rumor will cease to exist, I beg to remain,

Yours very truly,
Geo. W. Weldon.

## PINK BOLL WEEVIL MAY COME TO U. S.

Washington, April 11.—The fear that the pink boll weevil, a dangerous pest, may be introduced into the United States through accidental presence of seed in lint cotton received by spinners, caused the Federal Horticultural Board today to make the suggestion in a warning to cotton mills, especially those in the South, to burn all seed found in bales of imported Egyptian cotton.

These seed, it is stated, are likely to contain the larvae of the pest. The board regarded the pink boll worm so dangerous to the cotton crop that last year a new quarantine was promulgated against importation of cotton seed from all foreign countries.

Since then, several shipments of cottonseed infested with the undesirable messengers, have been intercepted and destroyed.

Mokolys colts are among the best, some of them having taken premiums at the Montevallo fair in 1913. Common mares bred to a horse of this class can't fail to produce foals that will find a ready market, as carriage horses or roadsters, as well as general all purpose horses.

### Our Family Pride

(Dedicated to Baby, Joe L. Page, Jr.

A month ago today, O sweetest baby,
On us you bestowed your last fond look so true,
Leaving us lonely, grieving, pondering, wondering why,
Your haste to go on, so soon to the city anew.

Yes, tell us little Joe,
From that baby-land of bliss, so fair,
Can'st thou pierce the pearl-hued distance,
And waft to us the angel kiss, so rare.

First to thy kind and loving mother,
Who gave in joy and pain and surrendered back again,
The lovely baby "Pride" for which she cared for dry by day,
Bring comfort now to her I pray.

And thy fond hearted daddy,
Who loved his sweet boy so well,
Hast thou neither a ruby nor a sweet smile of solace
Now for him? O, haste to tell!

Then come and comfort both and all, O baby,
In that airy mask a dream,
And let Heaven's eternal wisdom's reason why,
On us thru' love and pity beam.

By his devoted aunt,
L. B. Morrow.

Birmingham, Ala., Apr. 8, 1914.

### *Card of Thanks.*

Editor People's Advocate:

Will you kindly allow me space in the columns of your paper to thank the good people of Helena and Acton and vicinity at the request of relatives of Mrs. Jane Doil for their kindness and help during the sickness and death of Mrs. Doil. She was a widow and leaves eight children to mourn her departure. It seems as if God told the good people the great need of those helpless folks for they opened their purses and hearts and such kindness should not be passed by unnoticed, for in this they let their light so shine that people may see that religion is a reality, for they fed the hungry and clothed the naked and buried the dead. May God's richest blessings rest on each, and to the bereaved we all extend our sympathy in this, their sadest hour of trouble.

Mrs. S. E. Acton.

APRICOT TART. Make a very rich pie crust and line a good-sized square biscuit tin, letting it come well up on the edge; bake this; when cool line with canned apricots which have been first drained of their juice and put into a rich sugar-and-water syrup and cooked gently down till this is thick; put the fruit in the crust, arranging in overlapping circles; add the syrup to barely cover and finish with whipped cream.

CRANBERRY CONSERVE. One quart of cranberries, one orange, half a cup of seeded raisins all put through the meat grinder, add an equal amount of sugar and one cup of walnut meats broken; cook until it thickens.

## HUERTA ACCEPTS MEDIATION PLANS

### Peace May Be Declared In Mexico—White House Declines To Make Statement

### SEEK TO FIND MIDDLE GROUND

Washington, April 28—Spanish Ambassador Riano, in charge of the affairs of Mexico in the United States, today informed Secretary of State Bryan that General Hureta unconditionally had accepted the principle of mediation as involved in the proposal of the governments of Brazil, Argentine and Chile.

The envoys of the three nations, whose good offices also have been formally accepted by the United States, resumed their sessions early today at the Argentine legation in an additional effort to establish a precedent in composing the Mexican affair.

The White House declined to make any statements as to what proposals the United States would submit as a basis for mediation. Announcement was made that nothing would be said that might in any way embarras the mediators. At the regular Cabinet meeting at 11 o'clock the formulation of the American proposals to the meditators vas a leading subject of consideration. With the acceptance of both governments now definitely before them, the three envoys occupied a semi-mediatorial attitude, almost in the nature of an international tribunal and will consider the attitude and desires of each side and seek to find some middle ground on which both could agree.

## J. W. Roy For Sheriff

Editor Advocate:

It is with the greatest of pleasure that we note the announcement of Mr. J. W. Roy for Sheriff of Shelby County, subject to the action of the Republican and Progressive primary May 2nd. Mr. Roy has been a resident of this county all of his life. He was born near Helena 42 years ago. As a citizen he has no equal; he has stood and worked with the vim of a soldier for good roads, better and longer terms of schools, more churches. and the general upbuilding of his community and has served with distinction as Deputy Sheriff in this district for quite a number of years and has at all times and places discharged his official duties without fear or favor and with credit to himself and honor to his county; and one thing sure, the blind tigers have no show where he stays; one may start up but he is short lived, for Mr. Roy will soon find him out and ere soon he is behind the iron bars. He says the law can be carried out as long as he has power to do so, will continue to meet out Justice and have the law breaker on the run, No man can truthfully say of Mr. Roy when duty called he didn't fail to go, for he often went when death stared him in the face and danger lurked all around. He is kind to his fellowman and has always been willing to lend a helping hand to those who stand in need; he is a kind and loving father, an affectionate and devoted husband, a neighbor like the Scriptures speak of, and came from the best of family's of this county; his ancestors came to this county from South Carolina in 1776, and ever since Alabama has been a state and Shelby County has been a county, not one of his family has asked for an office of any kind. So, Mr. Roy is not a politician but a good citizen, and in honoring him to the high office of Sheriff would be a treat to our good citizens, and he favors one term only.

In business, Mr. Roy stands among those who stand head; we found him ever kind and obliging with malice towards none of his associates, and the under dog has always had his personal attention, and no man ever went to him for help and was turned away empty handed. Such a record as Mr. Roy has should not be passed by unnoticed, and we hope every voter will turn out May 2nd, and vote for J. W. Roy, for a vote for him means the enforcement to the letter of the law and crime of every shape, color and form shall have his special attention, and should he be honored to the office he shall do as above stated. He is fighting for this office with clean hands and with best regards to his opponents, and should the people see fit not to grant him this honor their verdict shall be his too, and will not sour, for he has stood to the party through thick and thin. In the darkest hours he didn't forsake them. Vote for J. W. Roy, the poor man's friend, the blind tigers bitter foe, the criminal and law breakers worst enemy. A man who has shown by his deeds he is not afraid to die for his country. Hurrah for J. W. Roy for Sheriff.

adv. A Voter of Beat 12.

## Information To The Voters

To the voters of the Progressive and Republican party, Shelby County:

It has been rumored over the county that Mr. W. D. Bearden refused to pay the part assessed to him by the committee of the party in holding said primary election. This is to certify that Mr. Bearden immediately on entering the race for Sheriff paid over to me the full amount assessed by the party and that each candidate who had paid all expenses previously was paid back to them the amount by me, this making all candidates equal in the race. I gladly give this information for fear someone may believe this report.

JNO. S. PITTS,
Chairman Progressive and Republican party.

## Singing Couvention.

The next session of the Shelby County Musical Convention will be held at Dogwood, Ala., on the first Sunday in May. All singers and lovers of music are cordially invited to attend.

## GOVERNOR KEEPS HALL FROM DRINK

### P. C. Jenkins Of Wilcox County Has Only One Job, That Is To See That Haywood Hall

### NEVER TAKES ANOTHER DRINK

Montgomery, Ala., April 25.—In the eyes of the Alabama government, P. C. Jenkins, of Wilcox county, has only one job, that is to see that Haywood Hall never takes another drink of whiskey Hall was convicted of manslaughter and was serving a fiver year prison term until today, when Governor O'Neal granted a parole. He committed the crime because whiskey had befuddled his brain and his promise to the Governor was that he would never taste the the beverage again. Mr. Jenkins must keep one eye on Hall at all times, and if he reports that the parole has been violated, Hall will be returned to the penitentiary to complete varied reported circulated.

## Walter B. Seale

Republican and Progressive candidate for Sheriff for Shelby County.

It has been impossible for me to make a house to house canvass owing to sickness in my family, so I take this method of thanking your for your support on May 2nd for Sheriff of Shelby County.

## Anti-Cigarette Day.

Anti-Cigarette Day is officially recognized by the International Sunday School Association, and for 1914 is celebrated on tho 3rd day of May, next Sunday. If it be true that the cigarette is America's most insidious "Boy-Evil," as Rum is the "Man's-Evil," the saloon's recruiting office, the habit that sends an annual toll of 100,000 boys to the rum shops of this country to be made into drunkards to take the place of those who have filled untimely graves during the year, may we not hope that the Sunday Schools of our town and county will take due notice and properly observe this special Day. The saloons must have men to damn or go out of business, and these men are our grown-up boys, whose first step toward the saloon's sure destruction was the cigarette. The modern Sunday school has no greater enemy than the cigarette. How many boys in our town and county between 8 and 18 years of age will volunteer to wear the Anti-Pigarette Pledge Badge-Button? Let all the Superintendents make the call next Sunday and report results and obtain the Buttons. God bless the boys!

## MONTEVALLO HAPPENINGS

### Memorial Day Observed Sunday By Services At The Baptist Church

### OTHER NEWS OF INTEREST

Montevallo, April 27.--Memorial day was duly observed in Montevallo yesterday by services in the Baptist Church at this place, many visiting veterans from other towns and from the surrounding country being present and participating therein. Among those visiting were: Capt. R. O. Camp, commander of Camp Gorga, of Wilton, Camp Gorga being a Montevallo Camp Confederate Veterans; Dr. Rowe, of Columbia; Judge Campbell, of Calera; Rufus Walker, of Elliottsville, and many others. The services were conducted by J. M. Reynolds, Mayor of Montevallo, Master of Ceremonies; Dr. T. W. Palmer, introducing the Orator of the day, Mr. Herndon Dowling, Principal of the Montevallo Public School, with J. H. Killingsworth as Marshal of the day. The church was packed to overflowing, many being turned away for want of room to accommodate all who desired to be present. Prof. Dowling delivered a most eloquent and impressive address, his theme being "Alabama the Cradle of the Confederacy," which he handled with remarkable effect. Two statements made by him which is borne out by the history of the Confederacy, shows that in proportion to population, that Alabama furnished more soldiers in the civil war than any state in the Union, North or South, that without regard to population, that Alabama lost more men in battle than any state in the Union. After the services at the church the procession was formed and marched to the cemetery where the graves of the dead soldiers were covered with flowers, the graves having been previously marked by small Confederate flags.

Mr. W. B. Reynolds is now in India on a trip around the world. He is accompanied by his wife. Mr. Reynolds is a world wide traveler, having visited almost every civilized country on the globe. His letter to the Age-Herald is read with great interest by every one who knows him as he is a very fine writer.

Captain and Mrs. H. C. Reynolds will return to their home here from their winter home in Tampa, Fla., in a few days. Mayor Reynolds and his wife spent a part of the winter with them in their Tampa home.

Montevallo is due the Civic League, composed of the ladies of Montevallo, and aided by the school children of the public school, and town administration has placed Montevallo in the ranks of the best kept and cleanest town in Alabama. Town pride is at high tide, and the people are alive to the great importance of a clean, well kept town. The present administration has made strenuous efforts to place the town in the front ranks of a clean and well kept up-to-date town. The garbage wagons patrol the town removing all rubbish, empty cans and everything tending to produce sickness.

Work will be commenced immediately on the highway leading from the Bibb county line in the direction of Columbiana.

J. T. Ellis has just completed a handsome two-story brick building on the corner of Main and Shelby streets. It has two large store house rooms below, with eight nice well equipped offices in the second story.

W. B. Reynolds has just completed a handsome store house building on the grounds formerly occupied by Morgan Mercantile Co. C. L. Meroney & Co., will erect a new store building as well as will Morgan Mercantile Co.

Many new and very tasty residences have been and are now in course of construction in this city.

The churches of Montevallo would be a credit to a city of twenty thousand population, all being up-to-date in every respect.

## CLEAN UP DAY IN COLUMBIANA

## From W. D. Bearden.

Editor Peoples Advocate: Please allow space for the following explanation in reference to charges against me:

"I hereby certify that a came to the city of Columbiana, Ala., as a day laborer for Mrs. Jordan; I did some painting for which I received $1.50 per day. I am not a painter, as the work for which the town of Columbiana charged me $5.00 license to do was the first painting I ever did. I am a day laborer, and have no regular occupation or profession."

W. M. ANDERSON.

Sworn to and subscribed to before me, this 7th day of March, 1914.

J. L. ISBELL.

Copy of License: Town License.

The State of Alabama, Shelby County.

No. 1. Town of Columbiana.

This license expires Dec. 31, 1914, and is not transferrable.

This is to certify that W. M. Anderson has deposited the sum of Five Dollars as required by law, and he is therefore authorized from and after this date to transact business as Painter in said town.

J. E. Prewitt, City Clerk. L. H. Ellis, Mayor.

The above is an affidavit made by Mr. Anderson in reference to being a day laborer. I do not know whether or not he is a day laborer, but he took out a license as a painter, as will be seen by the copy of the license he took out from Mr. Ellis, the Mayor. An effort is being made by designing parties to make people believe that I voted for a license on day laborers. This is not true, and the parties who started this report know that it is false, but it is circulated to injure me in my race for sheriff. I have never favored a license on day laborers, and the City Council of Columbiana never passed any such Ordinance. A license was put on lawyers, doctors, dentists, barbers, painters, paper hangers, plumbers, blacksmiths and carpenters, and the carpenters met at the store of Mr. John S. Pitts and had an agreement with the City Council to change from Carpenters to Contractors, and it was done. All this money is used for the purpose of educating the children of the county; the members of the City Council do not get a cent for their services, all their work is done without pay. I ask the people of the county to examine the above and see for themselves. Any man or set of men who circulates that I ever at any time tried to put a tax on day laborers states a falsehood. Day laborers can work all they want to without paying any license. I went into this campaign to make a fair fight for the nomination, and I intend to continue the fight that way, and if nominated I will do my best to be elected, and if I fail I will do my best to help elect the man who gets the nomination. I paid my prorata part of the campaign expenses, and Mr. Pitts tells me that each one of the candidates have paid their part of it, and I hope those who have circulated the report that I did not pay my part, will correct their statement about this matter.

W. D. BEARDEN.

## Freakish Party Given By Eastern Star

On Monday evening last, the Eastern Star entertained the town with a "Freakish Party" at the Masonic Hall. The party was well attended and every one reported a large time. Many of the costumes were screamingly funny.

A spelling match was greatly enjoyed, the words being given out by "Rev." W. B. Browne from the old blue back spelling book. Mrs. Nora Lester was the prize winner. Mrs. W. R. Hosmer won the ladies prize for tackiest costume and George Mauldin the gentlemans prize.

Mr. Haynes impersonation as Everett True, Mr. Judge as Dock Yack, created much laughter as well as several wedding dresses worn by Mrs. Pearl Camp, Miss Bailey and others. Mrs. Jno. S. Pitts' little bonnet, made in Atlanta 30 years ago, was quite a curiosity. Mrs. Mary Parker and Mrs. D. S. Lightcap donated a beautifully decorated cake to the Eastern Star and it was raffled off during the evening. Mr. C. Farr held the lucky number.

## Fire Destroys Saw Mill At Wilsonville

W. T. Taylor, of Wilsonville, was in the city Monday and informed us that his saw mill was destroyed by fire last Thursday morning between four and five o'clock. Mr. Taylor estimates his loss at about $1,000, with no insurance. How the fire originated is not known as the mill had not been run in several days.

### Everybody Requested To Lay Aside Usual Vocation On That Day And Join In

### TO MAKE A "CITY BEAUTIFUL"

Cleanliness and external appearance constitute an almost infallible index to the inner thought of the occupants of the home. In like manner the external appearances and beautifying of the Town constitute an almost infallible index to the "Thought Life" of the entire community.

Realizing this psychological truth, and being stimulated by the ladies of the Civic League Society, I, as Mayor of the Town of Columbiana, Ala., hereby set apart Thursday the 30th day of April, 1914, for "Clean Up Day" for the Town of Columbiana, including the business and residence sections.

The object of this proclamation and of this day so set apart, is to clean up the town and make it a "CITY BEAUTIFUL" by removing all rubbish, tin cans, brush, papers and other disfiguring objects from the streets, alleys, business sections of the town and residences throughout the town.

The householders will please put all trash and other debris into barrels or boxes at their gates and the town will have a dray call for it Thursday and remove the same beyond the environment of the town.

The High School boys have kindly consented to assist the town and ladies of this Civic League Society in cleaning up the streets and beautifying the grounds on the day above mentioned, and as Mayor of the Town I call on all good citizens to lay aside their usual vocation on the above named day and assist heartily in this meritorious work.

In witness whereof I, L. H. Ellis, as Mayor of the Town of Columbiana, Ala., hereto set my hand as such officer on this the 28th day of April, 1914.

L. H. ELLIS, Mayor.

## Newport Wedding Interests Ensley

The details of the marriage of Mr. John Sanford Falkner, of Ensley, to Miss Ida Virginia O'Hara, of Newport, Tenn., which was solemnized at 3 o'clock Wednesday afternoon, will be of interest to a wide circle of friends of the contracting parties in Ensley.

The ceremony was solemnized at the First Baptist church of Newport with the Rev. Joel O'Hara, the pastor, and a brother of the bride, as the officiant. The church was prettily decorated for the occasion with rhododendron blossoms, ferns and spring flowers.

Miss O'Hara was attended by Miss Carrie Rielly, of Buffalo, N. Y., as maid and Mrs. Joel O'Hara as matron of honor. She was attired in a modish blue tailored suit with the corresponding accessories and carried an arm cluster of white roses.

Miss Rielly, the maid of honor, wore an attractive costume of changeable taffeta, and carried pink roses. Mrs. O'Hara wore crepe meteor. Her flowers were pink carnations.

Immediately after the ceremony Mr. and Mrs. Falkner left for a short stay in Ashville, Chattanooga and Atlanta. On their return they will be at home in Ensley.—Ensley Correspondent to Birmingham Ledger, April 24.

## Girl Ties Toe To Cow's Tail And Is Dragged About Lot

Russellville, Ala., April 25.—Two little girls of Clay Hamilton, of Belgreen, near here, went out to milk a cow last Wednesday. The older was milking, while the younger, about twelve years of age, stood by. The one milking asked the other to hold the cow's tail, as she was being slashed in the face.

The sister took hold of the cow's tail and stood on a log behind the cow. The little girl was barefoot. She took a part of the switch of the tail and tied it around her big toe. Her sister finished milking and moved away, and the cow moved forward and jerked the girl's feet from under her, and she fell backward.

That frightened the cow, and she ran over the lot, dragging the girl by the toe. Her sister ran to her and held up her head so that she would not be hurt about the head. The cow continued to run until the toe was pulled off at the third joint. The toe was found still tied in the switch of the tail after the girl had been taken into the house for treatment. The body of the girl was considerably bruised, but no further serious injuries were sustained.

## Girl Meets Horrible Death By Being Dragged By Horse

Gadsden, Ala., April 25.—The 11 year old daughter of Nathan Riggin, a prominent farmer of near Warrenton, 6 miles from Guntersville, met a horrible death yesterday afternoon when she was dragged at the end of a rope by a terrified horse for half a mile. The girl had the rope about her arm while the horse was grazing. It became frightened and ran. When the body was recovered bones were broken, her clothing was torn to shreds, and her features were almost unrecognizable.

Screen against the fly.

We need better sidewalks in Columbiana.

Several new banks are being organized over the state.

Eight convicts were paroled by Governor O'Neal last week.

Don't fail to attend the primary election to be held Saturday.

Don't fail to vote in the primary election to be held Saturday.

Nothing improves the looks of a town more than clean streets and good sidewalks.

It is the duty of every Progressive and Republican to go out to the primary election next Saturday and cast his vote for the candidate of his choice.

The town should be kept clean, not only in the business section, but in the resident section. We can greatly improve the appearance of the town if we will only use a little energy.

Beef cattle are very scarce in this section, and there is hardly a farmer in the county that has any cattle to sell. The farmers need to raise more live stock to supply the increasing demand.

The people of Shelby county are competent to elect their county officials instead of having them appointed by the governor, and we believe that over three-fouths of the qualified voters of the county will sign a petition to the next legislature to have the appointive power in this county repealed, and let the people elect their officers,

## Is It Worth While?

The difficulties of paying for a home when land is high are many. It is perhaps fortunate for those who succeed that there are difficulties. Nothing gained without effort is worth while. We appreciate that which cost us toil and privation. Every difficulty surmounted fortifies one against greater difficulties and leaves one better prepared to succeed in whatever he undertakes.

A farm is worth a great deal more to the owner today than it was years ago when farm, orchard and livestock products were cheaper. When a farm could be bought for a few hundred dollars it would produce income upon but a few hundred dollars under conditions that then prevailed. Today with better markets, better roads, better schools and with conveniences that may be had in our farm homes the farm is worth a high price. If it be a good farm and if it be situated so that the owner and his family are in touch with progressive citizenship, it is worth years of toil and even privations if necessary to pay for it. Ten or 15 years is a short time in the life of the children, and who would not feel justified in working that long for a good home?

But one is never justified in making a sacrifice in the education of his children and in the finer sentiments of life that money cannot buy. Health and happiness are essential to contented living, and anything that would interfere with contentment and the finer sensibilities of life should not be tolerated. It is no dishonor to rent; it may be desirable. You are the judge of this matter. You can be a useful citizen and your family can become the leading citizens of your state, as many have done on a rented farm. If you rent make your tenure indispensable and thus create wealth for society those after you as well as those who live for you and with you. It is not the place nor the time that leaves an impression, but the man and influence he leaves as a heritage.—Farm and Ranch.

## State Has 12 Survivors Of War With Mexico

Washington, April 23.—Pension office records show that there are twelve citizens of Alabama who served in the war of 1846-47, between the United States and Mexico, the home addresses of each being as follows:

Francis E. Davidson, of Birmingham; James F. Brown, Montgomery; Josephus Shackelford, Tuskegee; James J. Scroggin, Spring Garden; Perry Ryals, of Whistler; William L. Moore, Notasulga; Philander Morgan, Lewisburg; Timothy Green, Ensley; Oliver P. Edmond, Needham; William H. Clark, Copeland; Lewis O. Collins, Leeds; and James F. Cross, Eutaw.

Something over 900 men who served in that war are being pensioned by the United States government. About fifty now reside in foreign countries. All who served as long as sixty days are entitled to pensions under the general law.

In going over the list furnished by the pension office, it is a noteworthy fact that there is a large number of Mexican veterans scattered through the Southern States. Practically all who enlisted from the South had active service and did hard fighting down in Mexico, some living in Mississippi, who were commanded by Colonel Jefferson Davis who so distinguished himself in that war that a few years later he was appointed Secretary of War in the cabinet of President Pierce.

These surviving Mexican veterans are all now high up in the eighties, for it was sixty-eight years ago when that war began.

# THE ALABAMA GOOD ROADS ASSOCIATION

Birmingham, Ala., April 25.—The Alabama Good Roads Association two years ago successfully inaugurated the movement to observe Good Roads Days, August 14 and 15. At the last meeting of the Association resolutions were passed reendorsing the movement and urging the people to observe these days this year. In accordance with the resolution, as well as the activity of the Association Secretary J. A. Rountree has commenced a campaign with the Probate Judges, Mayors, good roads officials, and good roads organizations urging them to take steps at once to observe these days. The following is a copy of the letter that was sent to the Probate Judges and chairmans of the Boards of Revenue in tne 67 counties of the state:

Dear Sir:—

Two years ago the Alabama Good Roads Association inaugurated a movement of observing August 14th and 15th as good roads days. These days were successfully obserbed each year by the people throughout the State.

The first year it is estimated that over 50,000 people worked the roads. Last year it is estimated that over 75,000 people did likewise. Since the inauguration of these days various States have commenced to observe them with a great deal enthusiasm. It is now planned to observe these days during the year 1914.

As Secretary of the Alabama Good Roads Association I am instructed to write and ask you to take this matter up with your Board of Revenue or County Commissioners and issue an order calling upon the people throughout the county to observe these days, also for you to take the lead in this matter. We will appreciate you giving the same as much publicity as possible in your county papers.

We would be glad if your Board would pass a resolution endorsing the same, sending a copy to the Birmingham, Montgomery and Mobile dailies, also a copy to us so that we can give the same as much publicity as possible.

Hoping to hear from you very soon and that you will do as requested, we are,

Yours very truly,
Alabama Good Roads Ass'n.
J. A. Rountree, Sec'y.

# FARMERS' UNION AND LEGISLATION

If we keep the Farmers' Union strong and active we need have little fears that we will ultimately secure such State legislation that we may seek to promote rural development, as far as it is practical to promote it through that agency. By bringing intelligent organized pressure and influence to bear at the proper time our organization has been successful already to a degree beyond the dreams of many of our members. And I have been constantly hammering it into the minds of our organized farmers that legislation favorable to better rural life conditions has never been procured by farmers except through concert of action through an organized agency. Acting alone, as individuals, is like shooting straws at a brick wall. The only effective lever the farmers of the South have is the Farmers' Union. It is the only organized force that stands between us and helpless individualism.—J. Z. G., in the Progressive Farmer.

# HUNTSVILLE MAN CATCHES NEWS

Huntsville, April 23.—A wireless station that has been operated here for some time by Robert C. McLain, a rural mail carrier, has become a center of interest in Huntsville during the present trouble with Mexico. Mr. McLain has caught messages from Washington, Key West and other points and has picked up many messages from the ships en route to Mexico. He is obliged to keep most of the news that he catches secret, but he gets a lot of interesting information out of the air.

## Surmounting Obstacles

If there were no imperfections there would be no striving for perfection; if there were no obstacles there would be no effort to surmount them. Consequently we are confronted with the paradox that within our weakness lies our strength.

Honest men, striving for the truth, have honest differences, due to heredity, education and environment. An obstacle is encountered in the form of a difference of opinion; an imperfection is discovered in the chain of thought.

Slow action, calm thought, quiet work are necessary to a satisfactory solution of the problem involved. Both sides may be more or less wrong. Each may have to haul in here, give out there, that a common basis of operation be arrived at. Such a course is imperative in order that the thing we are striving to accomplish will not be destroyed in the process.

The railroad situation has reached an acute stage. Some men, honest men, are seeking to arrive at a fair, constructive solution of the problem. Through their efforts will come advancement, development.

Other men, some prejudiced and some selfish self-seekers, are imposing serious hardships. Their activity may for the time being retard the ultimate solution, but in the end they and their prejudices and their selfishness will be swept away before the march of clear-eyed civilization.

It is a conceded fact that the railroads are the arteries of the country's commercial being. Impose hardening of the arteries on the L. & N. and commercial paralysis grips the territory through which it opeates.

Make it impossible for the L. & N. to help itself, and you make it impossible for the L. & N. to supply the life-giving circulation to the withering enterprises dependent upon it for their very existence.

Consider the unexcelled freight and passenger service offered by the L. & N. at rates never dreamed of a generation ago; consider the fact that the L. & N. is your fellow citizen, working in co-operation with you, that both you and the L. & N. may enjoy the fruits of commercial victory waiting to be won in the undeveloped fields of rich natural resources.

The most advanced thinkers, men of ultra-progressive policies, are united in urging on men in power the necessity for treating, not only the L. & N., but all railroads, with due consideration that the business of the country not be retarded, but pushed forward to continuous profitable development.

We offer these thoughts for the serious consideration of thinking men. They are in the interest of the general public as much as in the interest not alone of the L. & N., but all railroads.

## INJUNCTION GRANTED AGAINST OAKLEY

Montgomery, April 23.—Judge Gaston Gunter of the Montgomery city court today granted a temporary injunction to restrain James G. Oakley from the further transfer of stock of the Braddock Town and Improvement Company, in Shelby county, to his brother, Sheriff Charles L. Oakley, of Bibb county. The temporary injunction was granted on petition of Attorney General, Robert C. Brickell, who charged that James G. Oakley had transferred 100 shares of stock of the Braddock company to his brother.

It is set forth in the bill filed by the attorney general that the state obtained a judgment against Oakley on October 14, 1913, for $117,500, the money alleged to have been embezzled by Oakley from the convict department. The bill charges that when the execution was placed in the hands of Sheriff Charles L. Oakley for service in Bibb county that he notified the president of the Braddock Improvement company that the state had asked him to levy on the shares, and that he refused to do so.

## BERRY SCHOOL BOY WRITES

Mt. Berry, Ga., Apr. 20.
Editor Advocate:

Please allow me a short space in your paper to say something about the Shelby county boys who are making good here at Berry.

Just a word about your paper. It comes to me on Thursday just before noon. In the class room all Thursday morning I am wondering what is new in the Shelby county paper. After so eagerly anticipating its contents, before I can get one column read, another old Shelby boy comes around and says, "I want the paper when you get thru' with it." So in order that I might not be pestered with him while I am trying to find the place where Shelby High won over some other team, I have made an agreement with him to come to my room at a certain time and get the paper.

Now, I have already taken up most of my space and havn't yet told you anything about the Shelby county boys, of course I am inaluded among the bunch. At present there are only five of us One of the boys had to leave school on account of his eyes. Most every boy and every member of the faculty hated to see Harry leave. He always had something to make you laugh. There are many good things that I might say about the other boys, but as for myself, the other boys might tell you that I was the proper stuff. I think it is because I am a Senior. I have always heard that a Senior felt very dignified, but I don't belive that is so. When a boy says to me, are you a Senior? I hesitate to answer. Pardon me for this personal note. I don't feel worthy of the name.

I feel sure that many of the Shelby boys, who go in and out at Berry, will be a blessing to old Shelby county. If they put into practice the training they receive here, they can't help but be. Some years ago, the question was "what do you know?" Now it is, "what can you do?" At this school the last question is answered.

I would be glad to be in old Shelby the 2nd of May, but that is one of the commencement days. I shall not be able to get there before the 4th of May. With best wishes,

A Senior.
